General information:	Use personal protective equipment as required.	
Eye/face protection:	If contact is likely, safety glasses with side shields are recommended.	
Skin protection	Necessary Outlette eleves and he recently added by the eleves over the	
Hand Protection:	Neoprene. Suitable gloves can be recommended by the glove supplier.	
Other:	Long sleeve shirt is recommended. Wear apron or protective clothing in case of contact.	
Respiratory Protection:	Use respirator with an organic vapor cartridge if exposure limit is exceeded. Consult with an industrial hygienist to determine the appropriate respiratory protection for your specific use of this material. A respiratory protection program compliant with all applicable regulations must be followed whenever workplace conditions require the use of a respirator. Use self-contained breathing apparatus for entry into confined space, for other poorly ventilated areas and for large spill clean-up sites.
